EDUCATION

University of Nebraska-Lincoln — Lincoln, NE
Bachelor of Arts in Computer Science, Minor in Mathematics — *Aug. 2022 – Present*

EXPERIENCE

Peer Mentor @ OASIS & CAST — August 2023 – Present
University of Nebraska, Lincoln — *Lincoln, NE*

- Provided academic and social support to first-year students, helping them transition to university life.
- Facilitated one-on-one and group mentorship sessions to discuss time management, study strategies, and campus resources.
- Organized and facilitated workshops on topics such as stress management, academic success, and career development.

PROJECTS

Personal Webpage | *HTML, CSS, JavaScript, EmailJS* — Feb 2025 – Present

- Designed and developed a responsive and visually appealing personal portfolio using HTML, CSS, and JavaScript.
- Implemented EmailJS for seamless email communication.
- Deployed the webpage using modern web hosting solutions for scalability and reliability.
- Implemented media queries to ensure a seamless and mobile-friendly experience across various screen sizes.

Finance Tracker | *React, Vite, Javascript, SQlite* — Jan 2025 – Current

- Developed a finance tracking web application using React, Vite, and JavaScript, with SQLite as the database.
- Designed an intuitive and responsive UI for seamless expense and income tracking.
- Integrated data visualization to display spending trends and financial insights using charts and graphs.
- Implemented user authentication and session management for secure data access.

Full Stack E-Commerce Site | *C#, SQLServer, Javascript, MVC, IDESIGN, React* — Nov 2024 – Dec 2024

- Developed a full-stack e-commerce platform using C#, SQL Server, JavaScript, and React within the MVC architecture.
- Utilized IDesign architectural patterns to structure the backend for scalability and maintainability.
- Designed and implemented a secure user authentication system with role-based access control.
- Built interactive product browsing and search functionality, enhancing user experience with React UI components.
